Deputy Commissioner

From

The Deputy Commissioner
Kadur District

To

The Chief Secretary to the
Government of Mysore

Sir,

I have the honor to solicit the sanction of Govt to the grant of land, measuring 20 acres out of Survey No 103 of Goldal village, and the same extent out of Survey No 102 of Milaman, Chikmagalur Taluk; in all 40 acres out of the two Nos 102 and 103, set apart for free grazing purposes, applied for for coffee cultivation by Basava Gowda, Imam Sab and others.

The villagers of Goldal and Milimane object to the grant, setting up as a plea that the remaining

gonal will not be sufficient for the number of cattle mentioned in the list. I inspected the place and found the land applied for to lie in a valley where the two numbers meet.

The jungle which the villagers object to being cultivated is too thickly grown to allow of cattle grazing. When this was explained to the villager they urged another objection, namely, that they will be deprived of the source of supply of thorn for fencing purposes. But ample scrub jungle is growing in the remaining part of the said numbers to allow of this.

From what I observed during the inspection I am convinced that the villagers derive certain benefit from the sale of firewood to the Town of Chikmagalur covered by the recent pyoto privileges and that the loss of this benefit is the real

Contd

cause of complaint against the land being sold.

Further I beg to recommend the grant of a triangular piece of land, measuring 1 acre 30 guntas out of Survey No 103 of Joldal, applied for by Dantarmakki Ayat Sab for the purpose of building sheds for coolies. The applicant consents to pay the price at Rs 5/- per acre and the temporary Kandayem. As this piece of land is contiguous to the No 101 owned by the applicant, the villagers raise no objection to the grant.

The usual gomal statements for the two villages and a rough sketch of the members are enclosed for information.

I have the honor to be

Sir

Your most obedt Servant.

the land is or is not fit for Coffee. In former case it cannot be granted under rule 12 App: E of the Rules under the Land Rev. Code. But if the land be ~~[illegible]~~ unfit for Coffee the extent actually required for the area, assessment, ~~[illegible]~~ Cooly lines & ~~[illegible]~~ of the estate for the benefit where the Cooly lines have to be built, should be stated. The area of the piece in question is given as 20 acres in the General statement, whereas in the body of the report it is mentioned as 30 acres. This is a discrepancy.
